Floorstanding cabinet unit available

The BluPura Bar is compact, efficient and specifically tailored for catering spaces, bars and office kitchens. It has energy saving features for hospitality industry professionals, providing the highest quality of premium filtered water.

Portion control allows the customisation of the dispense doses for a convenient and fast service.

DIMENSIONS

Height:	566mm
Width:	360mm
Depth:	565mm
Height:	320mm

First-class functionality and performance. The counter-top BluPura Bar is the perfect water cooler for bars and restaurants.

TYPICAL SPECIFICATION

The BluPura Bar is available with cold still water, cold sparkling water and still ambient water.

With totally natural refrigerants the Bluepura Bar is an ecological choice. It has robust stainless steel buttons, with the added advantage of a quiet compressor.

The BluPura's Icebank system is the highest performing professional cooling technology, thanks to the immersion of the water coils and the refrigerant gas coils into an ice bank. An absolute necessity in any hospitality situation where large quantities of cold water are required.

The stand-by function reduces power consumption by 75% in comparison to that of full operating power. With this feature the temperature will remain at a low enough level to impede the proliferation of bacteria, while saving energy.

Why choose PuraServe?

Everything you'll need is included within your rental price:

- ✓ Site survey
- ✓ Water dispensing system
- ✓ 60 re-usable Pura glass bottles

UNIT DIMENSIONS

INSTALLATION REQUIREMENTS

The BluPura Bar requires adequate worktop space for installation. Please ensure that the following is available where the unit is to be installed:

- ✓ **Minimum installation worktop space:**
W 440mm x D 620mm (incorporates drip tray).
Minimum height clearance requirement: H 570mm.
- ✓ **A potable mains water supply within 5 metres of unit installation location.**
- ✓ **A 240-volt electric socket within 1 metre of unit location.**
- ✓ **A cylinder of food grade CO₂ gas.**
(Applies to customers choosing a sparkling water option only.)
- ✓ **Worktops are clear and in a finished state.**
- ✓ **Sufficient ventilation is in place for the refrigerated unit.**

All of the above can be confirmed in your site survey.
