## INSTALLATION OPTIONS

Wall Mounted

The AquaPointe-R bottle filler is a robust and simple to operate refrigerated bottle filler with electronic, touch-free activation (infrared sensor). The bottle filler has a shut-off timer, and an integrated bottle counter that displays the number of refills.

It is ideal for busy venues, such as public buildings, gyms and sports complexes, hospitals, schools, and offices.

Puraguard is a ground-breaking protective antimicrobial coating that can be applied to your dispensers taps on request).
