Floor-standing Unit

KEY FEATURES

- Refrigerated and non-refrigerated options
- Sensor activated touch-free activation
- Large alcove to fit most sports bottles
- Floor-standing model
- Highly efficient cooling tank
- 30 second shut-off timer
- 60L/h output (refrigerated model)
- Cooled temperature 10°C
- Optional UVC-LED disinfection treatment at the point of dispense
- Built-in drainage - no drip tray to empty
- Refrigeration is only on when in use or if water temperature increases during long periods of standby
- With **pura3000** filtration
- Optional **puraguard** Antibacterial and antiviral protection

The Quasar Bottle Filler is ideal for busy venues, such as public buildings, gyms and sports complexes, hospitals, schools, and offices.

The bottle filler is activated via an electronic, touch-free infrared sensor and has a shut-off timer, and an integrated bottle counter that tracks and displays the number of refills.

Puraguard is a ground-breaking protective antimicrobial coating that can be applied to your dispensers taps on request, providing 24hr protection against the growth of microbes (bacteria, moulds, fungi and viruses). Ask us for more information, and to request this coating.
